

If you drop ship, you need DropShipIT!

Mailers and Transportation Companies can now use DropShipIT™ to get the most detailed dropship destination information they need.

- **Avoid costly delays and misdirection of your destination entry bulk mail.**

Having the correct Drop Ship Entry destination information is more critical every day. Use Window Book's DropShipIT to get the most detailed drop ship destination information.

- **Fast & easy to use**

Drop ship information is organized by entry facility type, city, state and ZIP code in a fast easy to use format.

- **Save big with destination entry discounts**

DropShipIT takes the USPS drop ship information files that are required in order to claim destination entry discounted USPS postage rates.

- **Weekly internet updates**

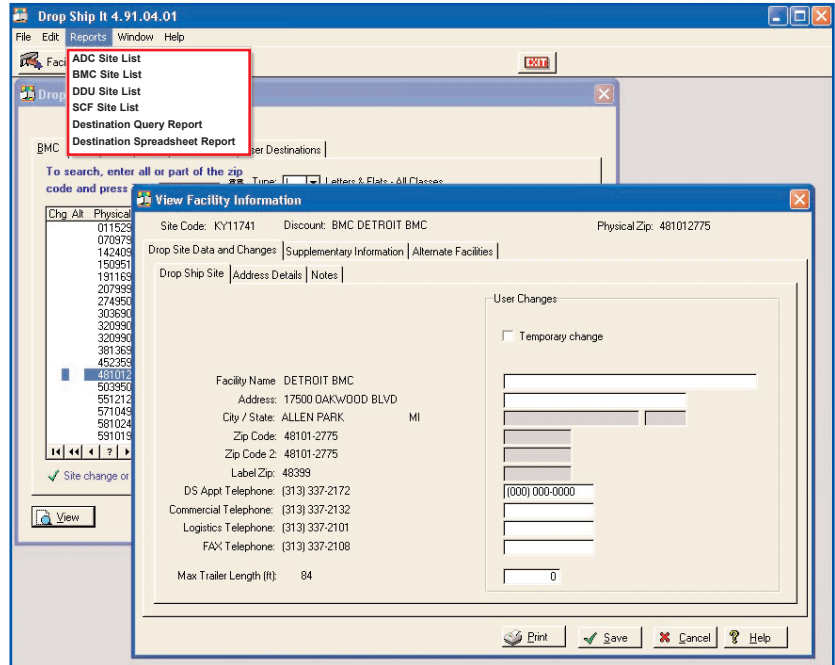

Internet updates are made available on a weekly basis as part of your regular subscription.

- **Available both as a separate program or as a DAT-MAIL™ module:**

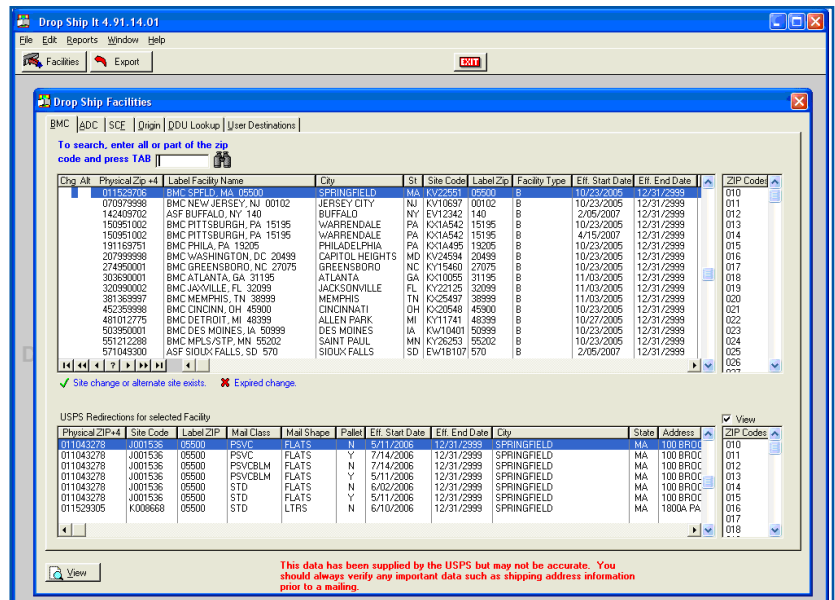

DropShipIT components are conveniently integrated in DAT-MAIL™ Toolbox

DAT-MAIL™ Editor users can add DropShipIT as a module.

Not ready for DAT-MAIL yet? Simply use DropShipIT as a separate program.

DropShipIT provides the most detailed drop ship destination information.

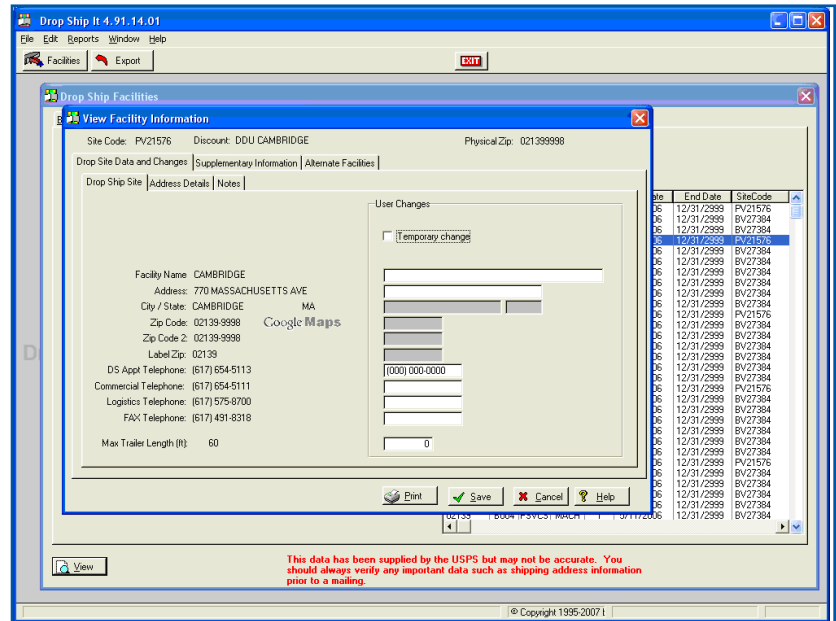

You can view the facilities by type on the left side of the screen. The right side shows the 3 digit ZIP Codes that are serviced by the highlighted facility. You can also press the View button to look at basic address and logistics information about the site.

Always be ready and be confident that your data is the correct data with DropShipIT!

DropShipIT enables you to be a smart informed drop shipper:

- Easily access USPS Drop Ship database of postal facilities that accept drop shipping
- Save time with detailed delivery requirements, directions and dock information
- Benefit from address, shipping, phone number and logistics information for over 33,000 BMC, ASF, SCF, ADC and DDU's
- Print facility reports for your drivers
- Maintain notes on each facility
- Exchange facility notes with other users over the Internet

When you view the site information, you can make corrections and notes which will remain even after updates are installed. You can even view notes made on the facility by other DropShipIT users when this capability is added.

DropShipIT Features:

- Detailed facility information
- Weekly Updates via the web
- Reports
- Queries
- Handles temporary destination changes

Call 1-800-524-0380 and order your DropShipIT™ today to immediately benefit from this handy program with the drop ship data.
